DAY 1: Duluth and the North Shore are tourist destinations year-round, but the first two weeks of October are when visitors are usually treated with a burst of brilliant fall colors. What a perfect time to board our motorcoach and head north. Upon arriving in Duluth, we tour the 39-room **Glensheen Mansion**. This impressive Jacobean-style mansion contains unusual lighting fixtures, custom furniture and fine examples of carved woodwork and stained glass. The grounds feature formal gardens, a lake view and rustic setting. Our hotel is located in the historic Canal Park. A free evening gives us the chance to watch the Aerial Lift Bridge, enjoy the variety of shops and restaurants, and stroll on the Lakewalk, running along the edge of Lake Superior. Overnight - **Duluth, MN**

DAY 2: This morning a **Duluth Guided City Tour** will include **Enger Park and Tower, Leif Erickson Park and Rose Garden** and **Skyline Parkway**, a scenic drive 700 feet above the city with spectacular views of Lake Superior. We visit the **Richard I. Bong Heritage Center**, honoring the memory of Major Bong and all the veterans of WW II and later conflicts. After an included **Lunch**, the **Vista Fleet Grand Sightseeing Cruise** on Lake Superior gives us close-up views of grain elevators, ore docks and the Aerial Lift Bridge. Our last stop for the day will be the **Lake Superior Maritime Visitor Center**. Located next to the Aerial Lift Bridge, it has exhibits on the history of the lake and the shipping activity of the Twin Ports. Overnight - **Duluth, MN (B) (L)**

DAY 3: Leaving Duluth this morning, we follow **Minnesota's North Shore Scenic Drive** along Lake Superior. In the unique lake-front town of Grand Marais, the starting point of the Gunflint Trail, we have free time to shop and explore. Also on the shores of Lake Superior is **Naniboujou Lodge**, once an exclusive private club started by Babe Ruth, Jack Dempsey and others. We will have an included **Lunch** in their famous dining room followed by a **Lodge Tour**. Next, we tour **Split Rock Lighthouse State Park**, built on the magnificent cliffs above Lake Superior and one of the state's best known landmarks. Sightseeing continues at **Gooseberry Falls State Park** with its five waterfalls. Our evening in Canal Park is free for watching boats and harbor activity or last minute shopping. Overnight - **Duluth, MN (B) (L)**

DAY 4: Our final stop is the **Hinckley Fire Museum**, located in a restored railroad depot and commemorating the firestorm that destroyed the town in 1894. DAY 1: Coulee? What is a coulee? To find the answer to this question and to explore a beautiful corner of our neighboring state, we board our luxury motorcoach this morning. By lunchtime we arrive in the historic town of Mantorville, MN. The Mantor brothers chose to settle in this picturesque river valley in 1853 because of the quantity and quality of the local limestone. This building material is largely responsible for the entire twelve blocks of the downtown area being listed on the National Register of Historic Places. We enjoy an included **Lunch** at the **Hubbell House**, one of Minnesota's oldest operating dining establishments. The signatures on the placemats indicate the famous people who have also enjoyed the food at this well-known restaurant. Crossing the Mississippi River into Wisconsin, we stop at the **Riverside Museum** in LaCrosse. Historic photographs and an extensive collection of artifacts reveal this river area's rich and diverse history. After checking into our hotel, we have a special evening featuring a traditional **German Dinner and Entertainment**. Overnight - **LaCrosse, WI (L) (D)**

DAY 2: This morning we wind our way to the top of **Granddad Bluff**. From there we have a view of the Mississippi River Valley including the three states of Wisconsin, Minnesota and Iowa. We find beauty and symbolism in stained glass, gold, bronze, marble, onyx and Venetian glass as we tour the **Chapels at St. Rose Convent**. Before leaving La Crosse, a delightful **Luncheon Cruise on the Mississippi** promises to be both relaxing and scenic. Our afternoon takes us to Cashton, surrounded by the typical hills and valleys of this region. A **Guided Amish Tour** takes us into one of the state's largest Amish settlements. We will experience a quieter, simpler way of life, where horses and buggies share the roads and where colorful quilts airing on a clothesline are not an uncommon sight. Overnight - **Spring Green, WI (B) (L)**

DAY 3: **House On The Rock** all began in the early 1940's when designer Alex Jordan sought out a country retreat. He found the perfect place on top of a 60-foot-high chimney rock and decided to build his house there, using the rock as the foundation and walls. Today, when we visit the house, we find a modern architectural wonder with pools of running water, waterfalls, massive fireplaces and a room of windows jutting out 218 feet over the valley below, giving a spectacular view. Filled with a huge variety of collections, the house is truly a one-of-a-kind entertainment experience. We continue to **Frank Lloyd Wright's Taliesin** for a **Hillside Home School Tour**. Named for its valley location, the school still serves a community of architects and designers. Tour highlights include the light-filled Assembly Hall, the magnificent Drafting Studio, the Romeo and Juliet Windmill Tower and the Theater with its handmade curtain representing the Wisconsin countryside. This evening we will be treated to an included special **Dinner**. Overnight - **Spring Green, WI (B) (D)**

Day 4: Another of Wisconsin's popular highlights is the Wisconsin Dells. On this morning's **Upper Dells Boat Tour**, we explore the natural beauty of the Wisconsin River, with its towering sandstone cliffs and unique rock formations. Before leaving the area, we have an included **Lunch** at Paul Bunyan's Cook Shanty. The rest of the day will pass quickly as we chat with our new friends about the marvelous days we have enjoyed in this beautiful region of hills and valleys. **(B) (L)**

Eligible Expenses include any prepaid, unused, non-refundable Land/Sea Arrangements, any reasonable additional expenses for meals and lodging, and the cost of a one-way economy airfare ticket to catch up to the Land/Sea Arrangements or return to the place of origin shown on the travel documents. This benefit is in excess of any benefits provided by a Common Carrier or another party at no cost to You.

Part B. Medical Protection

Emergency Evacuation/Repatriation of Remains

Benefits will be paid for Eligible Expenses up to \$50,000 per person (\$100,000 for Enhanced Plan), if an Injury or Sickness commencing during the course of Your Trip results in Your necessary Emergency Evacuation. An Emergency Evacuation must be ordered by a legally licensed Physician who certifies that the severity of Your Injury or Sickness warrants an Emergency Evacuation. Emergency Evacuations must be verified, approved, and arranged in advance by On Call International. Repatriation of Remains benefits will also be provided for Transportation to return Your body to Your point of origin in the event of Your death during Your Trip. Benefits will not cover any expenses provided by another party at no cost to You or already included in the cost of the Trip.

Emergency Evacuation means:

- Your medical condition warrants immediate Transportation from the place where You are injured or sick to the nearest hospital where appropriate medical treatment can be obtained; and/or
- after being treated at a local hospital, Your medical condition warrants Transportation to Your origination point to obtain further medical treatment or to recover.

Eligible Expenses are reasonable and customary expenses for Transportation, medical services, and medical supplies necessarily incurred in connection with Your Emergency Evacuation AND recommended by the attending Physician. All Transportation arrangements made for Your evacuation must be by the most direct and economical route possible. Expenses for Special Transportation must be: a) recommended by the attending Physician; b) required by the standard regulations of the conveyance transporting You; AND c) verified, approved, and arranged in advance by On Call International.

Transportation means any land, water, or air conveyance required to transport You during an Emergency Evacuation. *Special Transportation* includes, but is not limited to, air ambulances, land ambulances, and private motor vehicles.

Additional Covered Expenses: If You are hospitalized for more than seven days following an Emergency Evacuation, benefits will be paid: (a) to return Your accompanying dependent children under age 25 to their home, limited to the cost of one-way economy airfare, less the value

of applied credit from an unused return travel ticket, with an attendant if necessary; and/or (b) up to the cost of round-trip economy airfare to bring a person chosen by You to and from Your bedside if You are alone. These expenses must be authorized in advance by On Call International. Benefits will not be paid for expenses provided by another party at no cost to You or already included in the cost of the Trip.

Repatriation of Remains means the cost, according to airline tariffs, of the shipment of Your deceased body to the point of origin shown on the original travel tickets. *Eligible Expenses* include, but are not limited to, expenses for embalming, cremation, coffin for repatriation, and Transportation.

Note: In no event will Eligible Expenses for Emergency Evacuation/ Repatriation of Remains exceed the amount listed in the Schedule of Benefits.

Accident & Sickness Medical Expense

Benefits will be paid, up to \$10,000 per person (\$20,000 for Enhanced Plan), if You incur necessary Eligible Medical Expenses as a result of an Injury, or as a result of Sickness, occurring while on Your Trip. The accident causing such Injury must occur while You are covered under the plan, and the Sickness must first occur during Your Trip. You must receive initial treatment within ninety (90) days of the accident which caused the Injury or the onset of the Sickness. All services, supplies, or treatment must be received within fifty two (52) weeks of the date of the accident or the onset of the Sickness.

Eligible Medical Expenses are necessary services and supplies which are recommended by the attending Physician. They include the services of a legally qualified Physician, surgeon, graduate nurse, dentist, or osteopath; charges for hospital confinement and use of operating rooms; charges for anesthetics (including administration, x-ray examinations or treatments, and laboratory tests); ambulance service; drugs, medicines, and therapeutic services and supplies. Benefits are not paid in excess of the reasonable and customary charges commonly used by providers of medical care in the locality in which the care is furnished.

Important: Benefits are subject to the Pre-Existing Condition Exclusion detailed below and other exclusions listed on Page 7.

Pre-Existing Conditions

Benefits will not be paid under Parts A & B (except Emergency Evacuation and Repatriation of Remains) for any claims arising from any Injury, Sickness, or other condition affecting You, a Traveling Companion, or an Immediate Family member booked to travel with You which, within the 60-day period before Your Trip Cancellation Benefits began under this plan: (a) first manifested itself, became acute, or had symptoms which would prompt a reasonable person to seek diagnosis, care, or treatment; (b) required taking prescribed drugs or medicine, unless the condition for which the prescribed drug or medicine was taken remained controlled without any change in the required prescription; or (c) required treatment or treatment was recommended by a Physician.

We will **WAIVE** the above Pre-Existing Condition exclusion if:

- (1) You purchase the Enhanced Plan (see Page 10),
- (2) Your enrollment form is postmarked or Your phone sale completed within fourteen (14) days of the date You make deposit or initial payment for Your Trip, AND

SPECIAL OCCASIONS:

If you will be having a special occasion such as a birthday or anniversary while we are on tour, please let us know in advance so that we may help you celebrate.

CLOTHING:

Summer weight casual clothing is recommended for most tours. Spring and fall tours or mountain and coastal climates may require slightly heavier clothing. We suggest comfortable walking shoes, jacket or sweater which could be stored in the overhead luggage rack when not in use, foldaway umbrella, and a bathing suit for hotel pools and jacuzzis.
